RANK TIE BREAK:-		RULE BOOK V1.5 11.7.5 If two or more competitors are tied in first place in the World Cup Ranking at the completion of the final competition of the World Cup series, having the same number of points; the tied competitors shall be assessed with a view to breaking the tie by comparing the individual rankings in those competitions in which the competitors have been in direct competition with each other - i.e. the number of 'better' places in competitions in which they have competed against each other. If a tie remains unbroken following this assessment, then the highest number of best results, starting with the number of 1st places, then the number of 2nd places and so on, shall determine the first place.
